

44th European Radiation Research Congress - Preliminary Program

	August 21, Tuesday	August 22, Wednesday	August 23, Thursday	August 24, Friday	August 25, Saturday		
09:00		Keynote presentation	Keynote presentation	Keynote presentation	Keynote presentation	09:00	
10:00		Stem cell radiation biology	Radioecology meets radiobiology	Individual radiosensitivity and radiosusceptibility	Non-targeted effects of ionising radiation	10:00	
11:00		MELODI - Multidisciplinary European Low Dose Initiative	Radiation and exosomes	Radiation hormesis	Repair of radiation induced DNA damage	11:00	
11:30		Coffe break	Coffe break	Coffe break	Coffe break	11:30	
12:00		Stem cell radiation biology	Pre-clinical and clinical high LET radiobiology, proton radiobiology	Individual radiosensitivity and radiosusceptibility	Radiation effects on the brain	12:00	
12:30		MELODI - Multidisciplinary European Low Dose Initiative	Radiation and exosomes	Non-ionizing radiation effects	Radiation-induced inter- and intracellular signalling	12:30	
13:00	Registration	Lunch	Lunch	Lunch	Closing ceremony	13:00	
13:30					Lunch	13:30	
14:00		Bacq & Alexander Award Lecture	poster session	poster session		14:00	
14:30						14:30	
15:00		Coffe break	Keynote presentation	Keynote presentation		15:00	
15:30						15:30	
16:00		Coffe break	Coffe break			16:00	
16:30		Laser driven ionizing radiation and biomedical application	Radiation effects on the immune system	Radon as an environmental and a therapeutic agent	Medical aspects of ionising radiation	Radiation-induced carcinogenesis, cancer risks	16:30
17:00						Normal tissue effects	17:00
17:30							17:30
18:00	Opening Ceremony			ERRS General Assembly		18:00	
18:30	Opening Lecture					18:30	
19:00						19:00	
19:30	Wellcome reception	Organ concert at the Great Cathedral of Pécs	Congress dinner at a Villány wineyard			19:30
